

BOERS ARE BY NO MEANS WHIPPED

A Desperate Siege Against a British Garrison in Town of Hoppstadt.

WAR MAY LAST YEARS

Kitchener is Advising Favorable Terms of Peace to End the Conflict.

DEWET IN THE TRANSVAAL

Manchester, May 13.—The London correspondent of the Guardian has sent his paper a sensational report regarding the South Africa situation. He says that he has learned that Hoppstadt in the northern part of the Orange Free State has been in a siege for eight months. He says that the siege of Mafeking was nothing in comparison to it. He also says that he is informed that Kitchener is advising that favorable terms be offered the Boers, believing that the present tactics of the Boers make it unlikely that the struggle will terminate in many years.

Boers Active in Cape Colony.

Cape Town, May 13.—A force of Boers raided a store Friday thirty miles from Richmond, Cape Colony. The Boers who were in Bedford district last week have moved north into the Transvaal. They still have a couple of field guns.

General Campbell of the Seventeenth brigade, while returning from Middleburg, met with opposition from forces of the Boers, who employed two guns and two pom-poms. They moved parallel with the British force. General Smith-Dorrien's brigade was also sniped at considerably before re-entering Wonderfontein, the force opposing having a pom-pom.

Boers Had an Opportunity.

London, May 13.—At a banquet of the Cornish association held in London last night General Pole Carew said:

"At the beginning of the war, had the Boers fully realized their strength and our unpreparedness, we would have been driven into Durban and Cape Town and we would have presented the spectacle of re-conquering South Africa from the sea coast."

Mrs. Botha on a Mission of Peace. Durban, May 13.—Mrs. Louis Botha the wife of the Boer general, sailed today for Europe, where she will interview Kruger and urge him to advocate peace in South Africa.

DEWET IN THE TRANSVAAL

Is Reported to Have Resumed Operations with 2,000 Men.

London, May 13.—General Dewet, according to a dispatch to The Daily Mail from Pretoria, has resumed operations, and is reported to have crossed into the Transvaal with 2,000 men.

DR. AMENT DENIES THERE WAS LOOTING

Chinese Property Was Seized by the Missionaries Under the Consent of Chinese Government.

Chicago, Ill., May 13.—Dr. William S. Ament, against whom charges of "looting" were preferred by Mark Twain in connection with the conduct of missionary affairs in China, after the siege of Pekin, defended himself publicly last night in the course of a lecture at the First Congregational church. The charges of the novelist were

PENNSYLVANIA ROAD ABSORB B. & O.

J. J. Hill Turns the Controlling Majority of the Stock Over to the Rival Company.

New York May 13.—The Baltimore & Ohio is now absolutely under the control of the Pennsylvania Railroad. Large blocks of the stock were acquired by Pennsylvania interests during the last few months and the accumulation by which the majority interest was secured was completed at the low points in Thursday's panic.

James J. Hill, who entered the directorate of the Baltimore & Ohio after its reorganization and whose experience in railway matters was very useful in placing the property in a strong position, has resigned from the board. Charles H. Tweed of the Southern Pacific, who was allied with the Speyers in the reorganization of the property, also submitted his resignation. At the same meeting of the board, when these resignations were favorably acted upon, Samuel Rea and James MacCrea of the Pennsylvania

vigorously refuted and the action of the missionaries defended on the ground that they were acting for the good of the Chinese Christians for whose welfare they were responsible. He further asserted that the instances of alleged looting were not only uncountenanced, but even advised, by Minister Conger and representatives of the Chinese government.

NEW COMET HAS TWO TAILS.

Heavenly Body First Seen From South America Grows Brighter. Lima, Peru, May 13.—The comet which was first seen from South America about a fortnight ago and which has been invisible from here for the last three nights reappeared last night. It is now quite bright and apparently has two tails, one of which is now longer than when it was first seen.

FORT SHERIDAN MEN DRUNK.

Saloons Sell Liquor to Soldiers in Spite of Minister's Warning.

Chicago, Ill., May 13.—Soldiers at Fort Sheridan, who wanted whiskey did not have to come to Chicago for it yesterday. For in spite of the Rev. M. M. Parkhurst's warning against keeping saloons open on Sunday, four out of eight in the town near the Fort dispensed liquor all day. From the early hours of the morning until late at night the little town presented the same scenes of drunkenness and rioting that disgraced the place Friday.

SAM JONES WILL STIR UP SAVANNAH

People of the Georgia City Resent His Vicious Attacks—Jones Denies Public Opinion.

Savannah, Ga., May 13.—Sam Jones, the exhorter is to be here tomorrow, and a temporary auditorium as big as half a dozen churches, has been erected in the public square to accommodate the large audiences that are expected to attend his peculiar performances. As usual, he is advertising the event by sensational attacks upon the immorality, follies and sinfulness of the community. A popular social organization has been singled out by him for assault, and he has succeeded in arousing a great deal of public indignation and excitement by the reckless manner in which he has been making charges. He has been comparing Savannah to Sodom and Gomorrah, and has declared that the Almighty has appointed him to conduct a crusade against it and remove the city farther than half a mile from hell, the distance which he estimates is now separating the two places.

No Failures in London.

London, May 13.—It is announced this afternoon that a complete understanding regarding the Northern Pacific situation has been effected. The price here for settling is fixed at one hundred and forty.

It is authoritatively stated that there will be no failures here today and that the settlement decided upon will carry things smoothly.

Labor Trouble at Albany.

Albany, New York, May 13.—The first act of violence in connection with the street car strike occurred this morning when a number of the strikers assaulted Rezin Orr, international secretary of the railway employe union, whom they accused of having sold out to the employers. Serious trouble was narrowly averted.

Edwin Uhl Slowly Sinking.

Grand Rapids, Mich., May 13.—Edwin Uhl, ex-minister to Germany, is slowly sinking this morning. The family and physicians have given up all hope.

RUMORS OF AN EXTRA SESSION TO TAKE UP RAILROAD TAXATION

Governor La Follette Vetoes the Frost Bill Taxing Mortgages, Passed by the Legislature Last Week—Serious Split in Republican Party.

Madison, Wis., May 13.—LaFollette today vetoed the Frost bill taxing mortgages passed by the legislature last week. The governor holds that the bill violates the provisions of the constitution that the rule of taxation shall be uniform. It provides that mortgages executed prior to that time the law takes effect, which is January 1, 1901, shall be exempt from its provisions. The governor points out that under the form of mortgages used the clause providing for the separate assessment of mortgages and property would be inoperative as the form provides for an agreement between the mortgagee and the mortgagor that the latter shall pay the tax.

May Call an Extra Session

It is reported on what is claimed to be good authority that after the legislature adjourns an extra session will be called to meet next fall to take up the matter of railroad taxation. It is found that the bill providing for a state forestry commission, which was rushed through at the last moment Saturday, has failed.

Split in Republican Party

Madison, May 13.—The protest made by the state senate on Saturday afternoon against the charges made by Governor La Follette in his veto message of the Hagemaster primary election bill was to all intents and purposes a censure of the chief executive of the state. Nothing ever approaching such an action was ever done before in this state. No such scene as occurred in the senate was ever witnessed in the legislative chambers of Wisconsin and in all probability will ever be witnessed here again. It was an action unparalleled in the history of this com-

MACHINISTS WILL STRIKE ON MAY 20

Over 500,000 Men Will Be Involved if a Question of Hours and Wages is Not Settled.

Washington, D. C., May 13.—A general strike, involving directly 150,000 machinists and directly 500,000 men in the metal trades, is expected to take place May 20 unless some arrangement is effected in the meantime. This is the statement made today by President James O'Connell of the International Association of machinists who has his headquarters in this city.

The demands of the men, the refusal of which threatens to precipitate the strike, Mr. O'Connell said, are for working a day of nine hours and an increase of 12½ per cent in wages, or, in other words, ten hours' pay for nine hours' work.

The matter, he said, has been under consideration for some time, and every effort has been made by the machinists association to avoid resorting to a strike, but such action he says, is necessary if the workingmen hope to attain the end they are striving for.

CLOSELY WATCH MAINE WRECK

Heavy Claims Hinge Upon the Cause of the Explosion.

Washington, May 13.—The work of Chamberlain & Co., the Chicago contractors, in raising the wreck of the battleship Maine in Havana harbor will be closely watched by representatives of this government. It is important that the cause of the disaster, whether by interior or exterior explosion, should be definitely established. This is necessary because of the filing of cases before the Spanish claims commission alleging damages on the grounds that the vessel was destroyed by the Spaniards. The evidence which was produced by the investigation conducted by this government prior to the outbreak of the Spanish war is not considered sufficient to establish beyond a doubt the cause of the explosion. Should the contractors use a coffer-dam, as planned, the hull of the wreck can be closely scrutinized. As the number of cases arising out of the destruction of the Maine and the amount of damages that will be claimed will probably be large, the government is determined to safeguard its interests and procure all evidence obtainable to combat the theory which commonly prevails that the Spaniards destroyed the ship. The government will not necessarily lose its case should it be found that an external explosion caused the calamity, as it will then devolve upon the claimants to prove that the act was committed by the Spaniards.

Modern Woodmen Convention

Columbus, O., May 13.—The national convention of the Modern Woodmen opens here tomorrow.

WON ON ADKINS DELIVERY.

Beloit Defeats Notre Dame and Wisconsin Wins from Chicago.

Notre Dame, Ind., May 13.—Beloit defeated Notre Dame Saturday in an exciting game. Notre Dame could do little with Adkins' delivery, making only six hits. Beloit bunched hits in the first and ninth innings, which, with several glaring errors by the Notre Dame outfield, yielded the Wisconsin men seven runs, all unearned. Adkins gave a beautiful exhibition of pitching. He handed in balls that were fast or slow, drops and benders until he had the 'Varsity bewildered.

Madison, Wis., May 13.—Wisconsin 6; Chicago 5. This was the score that advanced Wisconsin one more step toward the championship in the game at Camp Randall on Saturday afternoon against the ball tossers of the Midway institution.

Milton, Wis., May 13.—The Whitewater normal defeated the Milton college team here today by a score of 10 to 6.

Race Meeting at Portage.

Portage, Wis., May 13.—Arrangements are in progress for a big race meeting to be held here July 4 under direction of the Portage Driving association. The main feature of the event will be a derby, for a \$300 purse, in which eleven horses will participate. There will also be ball games, evening entertainments and other amusements.

ELGIN CITY HALL IS NOT A MODEL

Council Building Committee Looking for Pointers Are Not Pleased with Elgin City Hall.

Aldermen Effield, Gilkey and Hemming of the building committee, who have the building of the city hall in hand, visited Elgin Saturday and inspected the city building at that place. They returned home Saturday night satisfied that the Elgin building would not meet the requirements of the one proposed for this city.

The building at Elgin is three stories high with a basement and contains the police station, and lock-up, city offices, council chambers, police courts and a court something in the nature of our municipal court. The mayor has a large reception room and also a small private office. One of the committee remarked that the building looked from the amount of room in it that the city got the worth of its money.

The committee met the mayor and were handsomely entertained by him. The city is just completing an elegant bridge across the river and this seemed to be the mayor's pet. They also met Fred Quinn, a former Janesville boy who is employed in the Elgin watch works.

Aldermen Aid Striking Motormen.

Albany, May 13.—An ordinance passed by the city council requiring that motormen operating electric street cars in Albany must have had at least twenty-one days' experience has been signed by Mayor Blessing. The ordinance was framed with the purpose of aiding the striking employees of the United States Traction company.

Admiral Schley in London.

London, May 13.—Rear Admiral Schley has arrived in London on his way to the United States. He is accompanied by Lieutenant James H. Sears. The admiral has dined with Mr. Choate, the United States ambassador, and will stay here about ten days before sailing for New York.

Duty on Sugar Is Increased.

Washington, May 13.—Following the recent action in the case of Russia, in which an additional tariff duty was placed on sugar receiving a bounty, the treasury department has imposed an additional duty of 10 centavos per kilogram upon Argentine sugar.

MRS M'KINLEY IS FEELING BETTER

Hurried Trip to San Francisco with the Sick Lady.

SHE MUST HAVE REST

President's Program is Likely To Be Carried Out as Planned.

GREETING AT SAN JOSE TODAY

San Francisco, Cal., May 13.—Dr. Rixey this morning reported that Mrs. McKinley is recovering rapidly and that her indisposition is merely caused by the long trip across the continent. The president will go to San Jose this afternoon to join the rest of the party.

Mrs. McKinley Taken Ill

San Francisco, Cal., May 13.—President McKinley's tour of the west has been suddenly interfered with by the serious illness of Mrs. McKinley. His plans will have to be considerably modified and unless Mrs. McKinley's condition improves within the next few days it is possible the remainder of the trip will have to be abandoned. Though the physician in attendance says there is no occasion for alarm there is no doubt that the wife of the president is seriously ill, and that Mr. McKinley is greatly worried by her condition. A special train bearing President and Mrs. McKinley, Miss Barber, Dr. Rixey, Secretary Cortelyou and Henry T. Scott and Mrs. Scott arrived at 4 o'clock p. m. from Del Monte. Mrs. McKinley was brought here by the president in advance of the regular program that she may obtain complete rest. Upon arrival here the president and party were driven to the residence of Henry T. Scott, which they will occupy during their stay. The day after leaving New Orleans a bone felon appeared upon Mrs. McKinley's finger, and the soreness was aggravated by the hand being bruised against the side of the car as the train rounded a curve. Her hand became swollen and gave her considerable pain and produced fever, which prevented her from sleeping. Dr. Rixey lanced the felon twice and gave her some relief in that way. Mrs. McKinley bore it all very bravely and urged continually that the program at the cities and towns en route should not be modified in any particular on her account.

Meet Is Declared Off.

The Athletic meet which was to have been held at Whitewater on Saturday, between the High school teams from the several cities in this vicinity, was declared off on account of the weather. A heavy rain on Friday night put the track in such bad condition that it was thought unwise to attempt to hold the meet, which was postponed until next Saturday. The Janesville High school team will not be able to participate in the meet as a previous engagement for Saturday has been made with the Beloit High school and academy teams. This three cornered contest is to be held at Beloit.

Gibbons Going to Rome.

New York, May 13.—Cardinal Gibbons, who will sail for Rome, said last night: "My visit to Rome has no special significance. I am going to make my regular visit to the holy father. I will see his holiness and confer with him regarding the condition of the church in America. I am certainly not going to Rome for the specific purpose of discussing church conditions in the Philippines."

SERIOUS CRISIS IS ON IN MOROCCO

Rising Reported from the Interior—The Natives Are Anxious to Oust Regime of France.

Tangier, May 13.—Couriers from the interior bring reports of increasing risings all over the country, which extend even to the better classes of natives, who are anxious to overthrow the French regime. In anticipation of a concerted rising of natives France is sending reinforcements to Morocco.

The cause of the trouble is the aggressive activity of the French who are now occupying stations on territory which was never out of Moorish possession. A continuation of this policy, it is believed, will lead to a colonial war of greater magnitude than was the Algerian campaign.

M. Revoll, the French minister and ex-president of Tunisia, has just returned here from a secret

mission in the interior. He reports that the route between Ain Sefra and Igli is now under French control, but that it would be necessary to subdue the entire district of Taplett before peace will be restored. In addition to this severe fighting of an intertribal character is going on around Fez.

Should this continue, it is reported, Mulai Abdel Aziz, leader of the pro-French natives, will have to fight his way north this month through hordes of hostile natives to evade annihilation.

Meanwhile in Tangier itself political corruption prevails and the degenerate Sultan grants the astute representatives of France all sorts of concessions in exchange for fair singers, dancers and equestrianes to amuse his fancies.

SOME NOTABLE W. C. T. U. LEADERS WHO WILL ATTEND CONVENTION

Gathering of Wisconsin White Ribboners in This City for Three Days Next Week, Promises To Be Most Interesting Event.

Arrangements for the entertainment of the state W. C. T. U. convention in this city next week are rapidly nearing completion. The work has been put into the hands of able committees who are looking out carefully for all the little details so that the visitors will catch no glimpse of the machinery which must necessarily precede the entertainment of such a convention.

The churches have been asked to help in the entertainment, of delegates and they have responded very graciously. Naturally in a city of hospitable homes there would be no difficulty in caring for 150 or 200 delegates. Among the visitors will be many women whose names are as well known and honored both in the state and national work and Janesville is glad of the opportunity to welcome them. Some of those who will be present are:

Ida M. Cooke. If, as Disraeli affirms, "the secret of success is due to constancy to purpose" most clearly is its truthful force exemplified in the life of Mrs. Ida M. Cooke, who has for seven years occupied the position of treasurer of the Wisconsin W. C. T. U. Mrs. Cooke's home is in the beautiful city of Green Bay, and for many years she was closely identified with its educational interests, having occupied the position of city superintendent and clerk of the school board.

Correct and conscientious everywhere, Mrs. Cooke has given some of the best efforts of her life to the work of the W. C. T. U.

In character Mrs. Cooke is self-reliant and decided, but tolerant and charitable. Her judgments are fair and she brings to matters of religious or social life the same fairness of consideration which determines her business relations; and to believe that a thing is right is forever to decide her attitude toward it. Her habits of thought are clear and consecutive. There is no vagueness to her impressions and once to have understood a matter, is always to have that knowledge at command.

Mrs. Cooke attended the National W. C. T. U. convention held at Washington, D. C., last fall, and will give a synopsis of that interesting meeting Wednesday afternoon, May 22nd.

Maria Foster Hanchett. Mrs. Maria Foster Hanchett, editor of The Motor, the official organ of the Wisconsin Women's Christian Temperance Union, has been for many years one of the most energetic temperance workers of the state. She is of Quaker parentage on her mother's side; her forefathers were of a fighting stock, and were soldiers in the revolutionary war. The coming of the Quaker and the soldier in her ancestry has led to the development of a reformer.

Mrs. Hanchett was graduated in the Chatauqua class of '87 and was for some time president of the Monona Lake Circle and later of the Congregational Circle of Madison. She was also president for several years of the "Society of the Hall in the Grove" at Monona Lake Assembly.

In 1890 she was elected corresponding secretary of the Wisconsin W. C. T. U. and editor of its state paper. She still retains the position of editor of the paper.

Mrs. Hanchett has ever shown a remarkable earnestness of spirit and inflexibility of purpose. Whatever she has done she has done to the full extent of her power and with her best energy. All movements for reform or for the improvement of society about her have appealed deeply to her heart, and in her home

BRONCHITIS may mean a mere cold or a chronic incurable inflammation of wind-pipes.

The quickest relief, for a cold, is also the most effectual balm for the worst condition of wind-pipes and lungs.

It takes the edge off a cold in a night, and relieves it progressively—one forgets it after a little.

An old bronchitis, however, is obstinate. Nothing restores the tissues, when once destroyed; and an old bronchitis has gradually impaired and partly destroyed the lining of those small pipes between throat and lungs.

Scott's emulsion of cod-liver oil is the balm; it soothes it; cannot restore.

Well, send you a little to try, if you like. SCOTT & BOWNE, 409 Pearl street, New York.

terms which they demand for an engagement are so exorbitant that Manager Myers does not feel warranted in accepting. He has made a counter proposition, however, and hopes that satisfactory terms can be made.

The "Evil Eye" will be remembered as the production in which Al. H. Wilson, who was at the Myers Grand Saturday in "The Watch on the Rhine," scored such a great hit and his singing of "By Your Side" is still cherished as a pleasant memory by all who heard it. The production is really a combination of light opera and extravaganza.

IMPULSE GIVEN TO YARD DECORATIONS

Efforts to Improve the Lincoln School Grounds—Work is Spreading to Factories and Offices.

Quite a novel idea in school yard decoration is being put into execution at the Lincoln school. This yard has always been an eyesore to the public and especially to those interested in the school. Its surface has always been bare and uninviting and it has been the despair of the people who think that a school yard should be an attractive place. Several efforts have been made to encourage a growth of grass. The hard, packed down clay has been covered with black soil and once or twice several spears of grass have courageously made the attempt to live. Signs have been put up asking the public not to use the yard as a thoroughfare, but even barbed wire could not prevent people from taking the short cut across the yard. Consequently what grass was spared by the trampling feet of the playing children was crushed out by older people.

When the prize for improvement in the appearance of school yards was offered this spring, the opinion that the Lincoln school had a hard proposition on its hands was unanimous. It seemed so utterly useless to try to do anything but much thought was devoted to it and the outcome has been this novel scheme.

Several feet back from the street a fence has been made of poultry netting over which vines will be trained so that the foundations will be entirely covered. The border between the vine hedge and the street has been sodded and will make a broad lawn. Inside of the hedge the yard will be left as a play ground.

The work of yard improvement has spread beyond school and individual efforts on private lawns. George Hurd, son of Supt. Hurd, has laid out flower beds and planted vines around the street railway company's power house in Spring Brook. The west end of the Rock River Cotton company's office will be shaded by vines. The interior of this office, which is probably the most attractive one in any manufacturing plant in the city, is also beautified by growing palms. This work around factories should be encouraged.

Supplying Canning Factories.

Wisconsin is becoming a foremost canning state—of our tomatoes, peas and corn it may be said, "we eat what we can, and what we can't, we can."

Along this line the following by an Oneida county farmer is interesting, conditions being similar to our own:

"In regard to peas, they will pay if you get enough per hundred for them. We get here \$1.75 per hundred pounds after they are shelled, and mine paid me nearly \$30 per acre last year. I am going to put in six acres this year. I think I got the most money for the least work of any crop I can raise. In regard to tomatoes, I set out 1,500 plants last year, and they paid me over \$60, besides lots went to waste, because the factory could not take them all, and they were so cheap last fall that we were not particular about gathering them all. Sweet corn pays pretty well for the stalks are very good for milk when the pastures are short. I drill mine about twenty inches apart so I can cultivate with a horse, and you can also cut them with a scythe. Put 400 pounds of phosphate to the acre unless you have lots of manure, which is better."

Jennie—To have a beautiful neck wiggle your head from side to side every night take Rocky Mountain Tea. It's a short cut to a graceful form. 35c. Smith's pharmacy, kodak agents, next to postoffice.

Attention, W. R. C. Regular meeting of the Woman's Relief Corps Tuesday afternoon; as there is important business to be transacted, every member is urged to be present. MARY WISNER, Pres. VICTORIA POTTER, Sec.

Sales of Seed Leaf

Sales of seed leaf tobacco reported by J. S. Gans' Sons, Tobacco Brokers, No. 128 Water street, New York, for the week ending May 13, 1901:

100 cases crop of 1900 New England Havana Seed at 22 to 65 cents.
375 cases, crop of 1899, Pennsylvania Seed Leaf, at 12 1/2 to 13 cents.
250 cases, crop of 1899 Zimmers, at 15 to 16 cents.
150 cases crop of 1899, Wisconsin Havana, at 11 to 12 1/2 cents.
140 cases, crop of 1899, Gebhart, at 13 1/2 cents.
Total, 2,015 cases.

NEED AN ORCHESTRA AT MYERS GRAND

There is a Demand for Competent Musicians in Janesville—Talk by Manager Myers.

If there is one thing more needed by the theatre going people of Janesville than another, it is a good orchestra at the Myers Grand. There is no division of opinion on the subject and few indeed are the kindly words ever called forth by the work of the orchestra, while the applause for an overture, unless played by a foreign orchestra is almost unknown.

In speaking about the orchestra a day or so ago Manager Myers said: "It is one of the hardest problems I have to solve. The people seem to think that I don't care whether the orchestra is good or not but probably no one appreciates the value of a competent orchestra more than I do. For instance I know such a performance as the Burgomaster is strengthened by good orchestral accompaniments and it is a matter of constant regret to me that I am not able to give the people of Janesville the pleasure of a good orchestra."

"It is not because I am unwilling to get a good orchestra but because I am unable to. If the available musicians are in the city we have been unable to locate them. I have an advertisement in the Dramatic Messenger now for a trap drummer and a double bass player. I would like an orchestra which would include first and second violins, cornet, clarinet, trombone, trap drum and double bass. The members of a theatre orchestra must be quick to read and play music which is new to them and if there are musicians in the city, who think they can fill the bill, I wish they would come and talk to me. Of course if I can get musicians from out of town some other employment will have to be found for them as orchestra work in a city of this size must supplement a man's regular trade or profession."

Prof. Thiele, the leader of the orchestra in this city, also finds the dearth of orchestra material a sore trial. Some time ago he made the statement that he had been constantly on the lookout for musicians that he could use ever since he took charge of the orchestra and he was almost ready to give up in despair. It is said that there is not a double bass player in the city. It is hoped that some arrangement for the improvement of the orchestra can be made at least before another season.

Imitators have been many. Thoughtful people have learned that true merit comes only with the genuine Rocky Mountain Tea made by Madison Medicine Co. 35c. Smith's pharmacy; kodak agents, next to postoffice.

The Difference.

If the editor makes a mistake he has to apologize for it, but if a doctor makes a mistake he buries it. If we make one there is a law suit, tall swearing and a smell of sulphur, but if the doctor makes one there is a funeral, cut flowers, and the smell of varnish. The doctor can use a word a foot long but if the editor wants to use it he has to spell it. If the doctor calls to see another man's wife he will charge the man for the visit. If the editor calls on another man's wife he gets a charge of buckshot. Any medical college can make a doctor. You can't make an editor. He has to be born one. When the doctor gets drunk it is a case of "overcome by the heat," and if he dies it is a case of heart failure. When the editor gets drunk it is too much booze and if he dies it is a case of delirium tremens.

Tonight

If your liver is out of order, causing Biliousness, Sick Headache, Heartburn, or Constipation, take a dose of

Hood's Pills

On retiring, and tomorrow your digestive organs will be regulated and you will be bright, active and ready for any kind of work. This has been the experience of others; it will be yours. HOOD'S PILLS are sold by all leading druggists. 25-cts.

Hair Brush Sense..

When buying a Hair brush, examine carefully. If you find the back is of two pieces—you don't want it—let the druggist work it off on somebody else. We have just received a nice line of "Solid Back" long-wear hair brushes in genuine ebony, etc. The prices are easy—

50c to \$1.75.

WE KEEP THE QUALITY OF OUR

Ready-To-Wear Skirts

We claim to show the best skirts for prices that are obtainable. Have given separate skirts much attention—rainy day skirts or dress skirts; we have both and plenty of them. Prices, 2, 4, 5, 6, 8, 10 to \$18. Silk Skirts—beauties at \$10 to \$25. Silk Waists—120 to show you—black and colors, original conceits—\$5 to \$10. A few to close out at \$1.98 and \$2.43 that were much higher.

Wool Waist Materials

We excel in desirable dress goods for waists, house sacques, wrappers. Fully 200 pieces of French flannels, plain and fancies; stripe granite clothes, 30 colorings, 28 inch, 75c; dotted cashmere, 38 inch, 50c; silk dotted albatrose, 40 inch, \$1.25; satin stripe challoes, 25c; nuns veiling, 30 inch, 50c; silk dotted, 42 inch, \$1.25; Lansdown, silk warp, in all colors, 40 inch, \$1.25; cream wool stuffs. Large collections many other novelties.

Taffeta Silks.

Exceptional values in black that competitors cannot match. Our 27 inch at \$1.25, fully warranted, is a rapid seller. Extrafine 27 inch at \$1.00 Oil boiled, 21 inch, \$1.35; 22 inch, \$1.50; 23 inch, \$1.75. Beautiful qualities 18 inch at 50 and 60c; 35 inch at \$1.25 and \$1.50.

Colored Taffeta.

100 shades; we carry two qualities,—19 inch at 62 and 85c, that are reliable. The 85c grade compares favorably with dollar taffetas elsewhere.

The Wash Goods Section

Is one of the brightest spots in the store. Hundreds of pretty novelties that are confined to us no trouble to get suited here. In grays and blacks and white effects we show lovely styles.

Fecille de Soie

The daintiest creation of the dimity family we have seen for many a day. "How perfectly lovely," "They are beautiful," "Did you ever see anything so sweet," are a few of the expressions uttered by the admiring throng. It is impossible to convey by words the rare beauty of these mercerized, lustrous dimities. They are 30 inch and 25c. Just out of the case Wednesday.

Prices from \$2 to \$20. For \$18 I have a 3 burner and oven stove that is the equal of any made. Complete stock of all kinds of stoves.
W. J. CANNON,
153 West Milwaukee Street.

GOOD ATTENDANCE AT THE CHURCHES

Catholic Mission at St. Patrick's Church Opens—Epworth League Anniversary at First M. E.

Despite the disagreeable weather yesterday there were the customary interested congregations of worshippers at the various churches and usual services were held except at the Baptist church which will welcome its new pastor next Sunday. In some of the churches the services held were special in nature.

Catholic Mission Services.
The mission which is to be conducted during the week by Carmelite priests of Chicago, Rev. Father J. C. Feehan, O. C. C., and Rev. Father A. D. Brennan, O. C. C., opened very auspiciously yesterday morning at the 10:30 o'clock mass. The sacred edifice was filled with a large and attentive congregation and the service was one of unusual interest.

High mass was sung by Father Brennan, who is the happy possessor of a rich, melodious voice of great power. Father Feehan preached an able sermon, introductory to the mission. He is a priest of deep learning and piety and his sermons are made all the more powerful to reach the people by his rare eloquence. He is a forcible speaker and his voice is rich in dramatic quality which keeps his hearers absorbed in what he is saying.

Father Feehan also spoke briefly at the early morning masses and at 3:30 o'clock in the afternoon he addressed a conference of young ladies on their duties to themselves, to humanity and to the church. Nearly 400 young women heard his excellent advice. The reverend father also preached an eloquent sermon at the 7:30 o'clock service which was very largely attended. The subject of the evening sermon was "Sin."

The musical service especially at the 10:30 o'clock mass was exceptionally fine. The splendid chorus choir under the leadership of D. D. Bennett sang the "Credo," "Gloria" and "Gloria" from Stearns' mass, Gounod's "Sanctus" and Millard's "Agnus Dei," each chorus being given in excellent style with orchestra accompaniment. Three selections, "Softly Ring the Bells of Heaven," the offertory "God's Will" and the recessional were admirably played by Miss Marie McElernan, organist; John Smith, violinist and Joseph Mahoney, of Belvidere, who played the slide trombone.

The mission promises to be one of great spiritual helpfulness to the people of St. Patrick's church and much of its success will be due to the excellent work which Dean E. M. McGinnity and his assistant, Rev. Father J. J. Collins, have done in preparing for the coming of the Carmelite priests. Services will be held each day during the week, the order of the daily services being:

5 a. m.—Mass followed by instruction.

9 a. m.—Mass followed by instruction.

3 p. m.—Way of the Cross.

7:30 p. m.—Rosary, sermon and benediction of the blessed sacrament.

Epworth League Anniversary.

At the First M. E. Church special services were held in honor of the twelfth anniversary of the Epworth League, the young people's society of the Methodist church. In the morning Rev. W. W. Woodside preached a splendid sermon full of helpful suggestions on "An Ideal Epworth League."

The Epworth League had charge of the evening service, the general topic being, "Twelve Wonderful Years." The program presented was a very fine one and was preceded by prayer by H. A. Daw and by Scripture reading by W. J. Rothermel. Some excellent papers were presented. Miss Mabel Glenn gave a bright and interesting history of the league under the subject, "Twelve Wonderful Years." The number 12 in Scripture gave opportunity for a unique article read by J. P. Williams. Well written and original in style was Miss Myrtle Pantall's paper on "Danger Signals." Frank E. Hall gave a spicy and interesting article on "Why I Read the Epworth Herald" and Lyle P. Walker gave a ten minute address on Epworth League work.

Miss Alice Clithero recited "The Starless Crown" very prettily and the musical part of the program was enjoyable. Excellent selections were given by the male quartet and the male chorus and one of the best numbers on the program was the piano and violin duet by Miss Olive Staples and Harry Stevens.

"A cup of Mrs. Austin's Wheat Food makes breakfast for seven persons, hence is more economical than any similar preparation."

Pan American Exposition Rates via C. M. & St. P. Ry.

One fare plus one dollar via, route of ticket, for the round trip, on May 7, 14, 21, and 28; good returning to leave Buffalo not later than midnight of the Saturday following date of sale. From April 30 to May 31; daily, at rate of one and one-third fare for the round trip; good for 15 days. Further particulars at passenger depot.

For Over Fifty Years.

Mrs. Winslow's Sore Throat Syrup has been used for children while teething. It soothes the child, softens the gums, allays all pain from wind colic, and is the best remedy for Diarrhea. Twenty-five cents a bottle. Sold by druggists throughout the whole world.

STATE NEWS IN BRIEF

Appleton hopes soon to have a new \$30,000 opera house.

Racine reports say a \$75,000 steel factory is to be located there.

John Memler, a well known farmer residing near Racine, was killed in a runaway Thursday.

Two Milwaukee women are reported to have lost \$40,000 speculating on the market.

The Pennsylvania road is planning to run a road from Minneapolis to Marinette. The Rice Lake and Northern road has let contracts for part of its new line to Ashland contracts have been let for the construction of the Manitowoc-Two Rivers road.

J. J. Hill is to build the largest merchandise dock in the world on Superior bay front. It will take 2,000,000 tons of coal and will have 50 steel riggers with which to handle it.

Romeo N. Hoyt, son of Judge Hoyt of Chippewa Falls writes from Dawson, Alaska, that the rush for new gold claims is as wild as ever.

Chippewa Falls circuit court has tried for two days without success to secure a jury in the trial of Ira Steward charged with the murder of his son-in-law.

AMERICA FOR BIS CANAL

Majority in United States Senate in Harmony.

WANT IT DESPITE BRITAIN.

The Ditch to Be American—Clayton-Bulwer Treaty Not to Stand in the Way of Completing Link Between the Oceans.

Washington, D. C., May 13.—When Secretary Hay returns to Washington with the President he will, it is said, begin actual consideration of the Nicaragua canal problem. There is now in writing at the department a summary of the views of more than a majority of the senate. There is wide divergence in these views, which were expressed verbally and in informal conversation. A careful study of the opinions of senators indicates, so it is said by those in a position to know, considerable unanimity on certain salient features of the problem. In the first place, it is agreed that the Clayton-Bulwer treaty is the only thing in the way of an actual contract which prevents the United States from building the canal itself. In the second place, a majority of the senate is clearly of the opinion that the Clayton-Bulwer treaty can be abrogated or "denounced," as the diplomats term it. The senators entirely reject the idea that the Clayton-Bulwer treaty is in the nature of a perpetual contract which can be terminated only by the consent of both parties to it. A clear majority of the senators are of the opinion that the treaty should be abrogated as the easiest way to build the canal, but there is a large element in the senate which believes that forcible abrogation of the treaty by the United States, against the wishes of Great Britain, would be an unfriendly act and would result in strained relations between the two countries.

The senatorial sentiment favors a guarantee of the neutrality by the United States. The majority of the senate favors a distinctively American canal, owned and controlled by the United States alone. Guided by the opinions of military and naval authorities, however, a bare majority of the senate is not inclined to insist on the fortification of the canal. There is practical unanimity, however, on the proposition that in case of war to which the United States is a party, there must be no treaty obligation with Great Britain or any other nation preventing this country using the canal as a military and naval advantage of its own, open to its own ships, closed to the enemy. Finally, it is decidedly a matter of doubt whether the senate would or would not abrogate the treaty in open defiance of the wishes of Great Britain.

Big Crow Hunt on May 22. Elgin, Ill., May 13.—There will be sorrow and mourning among the crow family on May 22, as that is the date set for the big annual hunt by the Nimrods of Elgin and vicinity. It is open to the world and the entrance fee is only 50 cents. Sides will be chosen and the winning side will have the entrance money refunded and be given a banquet by the losers.

AWFUL FATE OF HERBERT RUSCH; SMALL BOY KILLED BY CAR WHEELS

Tried to Steal a Ride on an Outgoing Northwestern Freight Train Near Hanson Factory Yesterday Morning—No Inquest Necessary.

With the whole top of his head gone and his brains scattered along the track Herbert Rusch, the fourteen year old son of Frederick Rusch, of 6 Gore street, was pulled from beneath an outgoing Chicago and Northwestern freight train, near the Hanson factory yesterday morning at shortly before eleven o'clock by his younger brother, Fred Rusch.

The Rusch boys and some others had gone up near the Hanson factory for the purpose of stealing a ride on the freight train to Milton Junction, where they would catch a Chicago, Milwaukee and St. Paul train home. The freight that killed the boy was a special and pulled out shortly after half past ten. It was in charge of Conductor Ward and Engineer Charles Dougherty. It was rather a long train and had a helper to push it over the grade which is very heavy from the railroad bridge to the railroad crossing, two miles out. They usually go pretty slow up this grade and every Sunday morning a lot of young boys wait around the Hanson factory and climb into the cars as they go by.

Warned by the Brakeman.
Yesterday morning the train was moving at a fair rate of speed and young Rusch and his brother stood along side the track ready to get on. The head brakeman noticed the boys as he passed by them and called to them telling them not to try and catch on. They waited until he had passed and they were about the middle of the train before they tried to get on. The younger brother had also asked Herbert not to try the train but he paid no attention to him.

He caught hold of a ladder on a box car as it went by and lost his grip and fell under the cars. The younger boy saw him fall and ran to where he lay. He grabbed him by the feet and pulled him away from the train. When he saw how his brother was cut up, he dropped him and started on a run for home, terribly frightened at the sight.

Patrol Wagon Under Repair.
The train men and a number of boys that were sitting in the empty box cars along the track saw the accident and the train was brought to a stop. Conductor Ward went to the nearest house where there was a telephone and sent a message to the East side fire station for the patrol wagon. Driver Gallagher answered the phone and told Ward that the patrol wagon was in the shop being varnished, but he would see what could be done. He then telephoned Chief Spencer for instructions and was told to notify the West side station and have the big hose wagon and a stretcher sent up.

In the meantime Conductor Ward had become tired of holding his train and waiting for the wagon, so he sent in an alarm from the box near the Hanson factory. The department responded in quick time and found that there was no fire and that Ward had sent in the alarm giving the above as his reasons for turning it in. Chief Spencer thinks that Ward should be asked to explain why he turned in the alarm after he had been told that the wagon would be sent.

Was a Shocking Sight.
When the wagon arrived at the scene of the accident a shocking sight presented itself, the body laid along by the side of the track in a pool of blood covered with dirt from being rolled by the wheels of the train. It was picked up and taken to Kimball's undertaking rooms where it was prepared for burial.

An examination of the injuries received by the dead boy showed that the top of the head from just above the eyes back below the ears to the base of the skull was gone and the brains missing. The thumb and two fingers on the right hand were also missing and there was a cut in the right hip about three inches long. Otherwise the body was not marked much.

An Unfortunate Boy.
The dead boy has been singularly unfortunate. Last Fourth of July while watching the celebration he fell from the platform of the blacksmith shop at the corner of South Bluff and Milwaukee streets and sustained injuries to his back from which he never fully recovered.

The funeral will be held from the family residence, 6 Gore street, on Tuesday afternoon at 2 o'clock.

This makes the fourth death that has been caused by the cars within the last nine months between North Bluff street and St. Mary's avenue. Railroad men say there seems to be a strange fatality about this neighborhood. Slater and Abendroth were killed in a smash-up last September. John Vollmuth was killed by a St. Paul passenger a short time ago, and yesterday young Rusch met his death. John McManus was also struck by a train on the St. Paul road at this point on May 4th and received serious injuries. As long as people insist in walking on the tracks and small boys jump on trains there will be accidents.

District Attorney Jackson investigated Rusch's death and concluded it was purely accidental, no one being to blame but the boy. For this reason he has decided that an inquest is unnecessary and a coroner's jury will not be summoned.

this week that will offer splendid opportunities for economical buyers. When down town drop in and get posted on what is offered.

G. P. McWear of Petulna, Cal., is the guest of Alexander Galbraith. Fred J. Jeffris returned home on Saturday evening from a business trip to Jeffris, Wis.

Mrs. W. W. Stevens returned home today from Chicago where she has been visiting for several days.

E. J. Samuels, agent for the St. Paul road at Darlington, spent Sunday with his family in this city.

New line of wall paper, window shades, all sizes, wood and brass curtain poles and room moulding at Skelly's book store.

Mr. and Mrs. Wardner Williams of Chicago are the guests of Mr. and Mrs. John Barlass at the Hotel Myers.

Dr. and Mrs. E. H. Dudley and Mr. and Mrs. Adelbert Heath have moved into the Wilcox homestead on Locust street.

Mr. and Mrs. John Grubb spent yesterday in Madison.

F. S. Winslow spent the day in Chicago.

A meeting of the Y. P. S. of Trinity church will be held in the Guild hall on Tuesday evening, May 14, at eight o'clock sharp.

The price we make on ladies' tailor made suits, separate skirts and Eton jackets calls trade this way, T. P. Burns.

A special meeting of the W. C. T. U. will be held at the home of Mrs. Kearney in the Jeffris flats this week on Wednesday, the 15th, at 3 o'clock.

FAMOUS PICTURES ARE SHOWN

Original Water Colors and Rare Old Etchings Exhibited Here.

Mr. J. Shiffman, of the Fine Arts building, Chicago, is here with a collection of original water colors by the best American and foreign artists and original etchings by Rembrandt, Durer, Haden, Whistler, Zorn, Jaques, Daubigny, Millet and others. These pictures will be on exhibition the balance of the week in the vacant store in the Hayes block on East Milwaukee street, and the art loving public is invited to view the collection.

Here is An Honest Man.

C. H. Burgess, who is employed at Ferris' bicycle repair shop, found two dollars on the street this morning and instead of rejoicing over his luck, putting the money in his pocket and keeping a discreet silence, he immediately set out to question people in the vicinity as to whether they had lost anything. He soon found the owner of the money, George T. Cook, foreman of The Gazette press room, who identified the property and gratefully brought the cigars.

Will Enlarge the Plant.

The Janesville Barb Wire company have bought the property at the corner of Frankin and School streets in the Fourth ward and will use the same for the enlargement of their plant. The lots are situated directly in the rear of their present property and will give them the room they have needed for some time on which to build an addition to their plant.

The State Bank of Orfordville, Wis., is responsible and asks a careful scrutiny as to its promoters. Is recommended by four governors and many banks. Pays four per cent. on six months and 5 per cent. on 12 months time deposits.

Mrs. Mary Ann Dawton.

Mrs. Mary Ann Dawton, fifty two years of age, an inmate of the Rock county hospital for the insane died yesterday morning at 6:30 o'clock.

Mrs. Dawton was born at Clyman, Wis., and had been an inmate of the hospital for some time. She leaves to mourn her death two sons and three daughters. The funeral services will be held from St. Mary's church Tuesday morning at nine o'clock. The interment will be at Mt. Olivet cemetery.

Another \$1 Smyrna rug bargain sale is on at Bort, Bailey & Co's dry goods store. These rugs are regulation size and are well made. Several patterns to select from. This is your last chance on this \$1 sale.

J. M. Bostwick & Sons show more taffeta silks, both black and colored, than can be seen in three ordinary stores. It will pay you to get acquainted with their great values as taffeta silk is an important item in most every woman's wardrobe. Their ad. tells.

The fact that we have disposed of 800 Smyrna rugs at \$1 each, should be sufficient proof that the public know a real bargain when they see it. Again we offer another lot at \$1 each. See window display. Bort, Bailey & Co.

Remember the calico party to be given by America Rebekah Lodge No. 26, at East Side Odd Fellows' hall tomorrow evening. Smith's orchestra will furnish the music and a good time is anticipated. Odd Fellows need no invitations.

J. T. Wright yesterday organized the Rock Prairie Sunday school. C. H. Howard was elected superintendent; Mrs. Lloyd assistant superintendent; and Mrs. Lou secretary and treasurer. The organizer will be selected later. There was a large attendance, and a prosperous school is expected.

A merry company of young people from Beloit surprised Mr. and Mrs. Burton Skinner at their home in Newark on Thursday evening. The occasion was their first wedding anniversary.

Archie Reid & Co. advertise a special sale of women's tailor made suits.

NEWS OF A PERSONAL NATURE

Miss Kate Eber spent Sunday with friends in Baraboo.

H. F. Nott went to Brodhead today where he delivered a costly piano.

P. E. Ryan of Chicago visited friends in this city over Sunday.

W. J. McNulty of Clinton visited friends in this city yesterday.

Rev. R. C. Denison returned home from Chicago on Saturday night.

Frank L. Smith came up from Chicago Saturday night and spent Sunday with his family.

Ralph Jackman of Madison spent Sunday with his parents, Mr. and Mrs. C. W. Jackman.

Dr. H. B. Anderson of Orfordville was in the city today on professional business.

A. H. Becker and wife of Chicago arrived in this city Saturday and expect to locate here.

H. A. Baker of the Palmer House, Chicago, spent Sunday with his wife and relatives in this city.

F. E. Anderson, state secretary of the Y. M. C. A., spoke in Clinton Sunday. He was in this city Saturday.

Mrs. Wm. Maraden has returned home from La Crosse, where she attended a session of the Grand Lodge, Degree of Honor, and at which session she was elected to fill the office of Grand Chief of Ceremonies.

Supt. D. D. Mayne returned home from Chicago Saturday night. He found the prices on scenery so high that he did not purchase the sets for the gymnasium stage. He expects to come to satisfactory terms with one of the dealers, however.

DEXTEROUS DRIVER ON THE HOSE CART

Bad Accident Narrowly Averted on West Milwaukee Street Saturday—

Drayman Moore Rattled

There was a very narrow escape from a bad accident on West Milwaukee street last Saturday afternoon when the fire department was called out—an escape so narrow that the frightened spectators could scarcely believe their own eyes.

Michael Moore, the drayman, was driving west on the Milwaukee street bridge when the alarm was turned in. As the East side hose cart turned the corner at Main street people on the sidewalks called to Moore to get out of the way but he did not seem to comprehend what they meant. When the plunging fire horses reached the bridge, it began to look serious. Moore glanced casually over his shoulder and saw the coming horses. Just in front of the Merchants and Mechanics' bank he started to turn his horse over onto the left side of the street and thereby complicated the situation.

Patrick Gallagher, driver of the hose wagon, had seen the danger in front of him and was just reining in his horses to pull them onto the left side and thus swing by the dray when Moore turned his horse across the street car track. This practically closed both sides of the street to the hose cart as other wagons were drawn up close to the curbing on both sides of the street. Gallagher pulled back on his horses with all his strength while the dray was being pulled slowly out of the way. With a dextrous twist the hose cart was guided between the rear of the dray and a lumber wagon on the north side of the street with scarcely an inch to spare on either side. The entire occurrence had only taken a few moments but they were filled full of suspense and things certainly looked like a wicked accident up to the very end of it.

CUTS HIS WIFE TO PIECES

Brutal Murder by a Wealthy Illinois Farmer

IN PRESENCE OF CHILDREN.

Son Attempts to Defend Mother and Is Badly Hurt—The Murderer Fights, but Later Gives Himself Up to the Sheriff.

Bloomington, Ill., May 12.—Mrs. Merritt Chism of White Oak township was brutally murdered by her husband in the presence of her children. The murderer is one of the wealthiest men in McLean county. He has a fine farm of 700 acres and is worth nearly a quarter of a million. He is 49 years old and a son of Jesse Chism, a pioneer farmer and capitalist. Six years ago Chism's first wife died, leaving eleven children. Two years ago he married Mrs. John Fruland of Normal. She had several children by her first marriage, the oldest, Harvey, being now about 12 years old. For several weeks Chism and his wife had been quarreling about the property and the children. Mrs. Chism thought her husband was influenced too much by his eldest daughter, Imo, who is 16, and this was often the cause of a bitter quarrel.

Tantamount to Murder.

After breakfast there had been a wrangle, in which harsh words were used on both sides. Mrs. Chism intended to go to Normal, ten miles away, to church. She was in the buggy, ready to start, accompanied by Chism's little daughters, Stella and Mattie, aged 9 and 7, when her husband came out and said: "Now, let's kiss and make up." Mrs. Chism replied: "Better go upstairs to do your kissing," evidently referring to Chism's daughter, Imo, who was at a second-story window. This enraged Chism. Drawing a knife, he climbed into the buggy. Throwing the children out, he seized his wife and slashed and stabbed her repeatedly in the face and neck. He threw her out of the buggy—she screaming and begging for mercy, the blood streaming from her head and face. As she fell to the ground the maddened man jumped upon her, and seizing her hand he pulled up her arm and stabbed her repeatedly.

Son Tries to Defend His Mother.

Her son Harvey seized a ball bat and struck Chism. The blow was not hard enough to stun him and he wrested the bat from the lad's hand and struck his wife three times, dashing out her brains. The boy jumped upon his stepfather's back and seized the hand in which Chism still held the bloody knife. Chism drew the knife through the boy's hand, almost cutting off the fingers, and struck a savage blow at his neck, the knife cutting a deep gash in the boy's arm. Chism fled and a quarter of a mile away jumped into a stock well, but the water was not deep enough to drown him. He climbed out and ran on to the house of his son. The son got Chism into a buggy and drove to Bloomington, where the murderer gave himself up to the sheriff.

Wife Murderer Hangs Himself.

Memphis, Tenn., May 13.—R. L. Mosby, a leading citizen of Black Rock, Ark., shot his wife Wednesday on account of jealousy and she died the following day. Mosby was put in jail for murder. This morning he burned the cords from his bunk and used them in hanging himself. The man tied the rope to the top of a second bunk, bound his own legs, and then jumped off. A jail official found the body.

Negro Lynched in Georgia.

Vadosta, Ga., May 13.—Henry Johnson, a negro, was lynched here. Johnson fired at a young white man named Foraker, but did not hit him. Johnson said he intended to kill Foraker.

Fight Has Fatal Results.

Fairbury, Neb., May 13.—A horse doctor named Ziegler and George Browner were having a fight back of Colby's billiard hall early this morning, when the Rock Island switch engine, pushing a string of cars out of the way, ran over the two men, cutting off both of Ziegler's feet and injuring Browner's right hand. Both men were under the influence of liquor. Ziegler died and it will be necessary to amputate Browner's right hand.

Big Costs of Murder Trial.

Carbondale, Ill., May 13.—The state authorities of Missouri have just allowed the expense bill incurred in the famous Alexander Jester murder trial, which was held at New London, Mo. Jester was tried for killing Gilbert Gates, a brother of John W. Gates, the steel magnate. The expenses allowed amounted to \$8,135.46, the second largest bill ever allowed in the state and exceeding the Duettrow case by nearly \$3,000.

Corpse and Coffin Burned.

Piqua, O., May 13.—The remains of Mrs. Kate Dwyer, while awaiting burial, were cremated in a fire which had originated in a peculiar way. The wind blew a lace curtain into the flames of candles set about the bier and the fire that ensued enveloped the shroud and consumed the coffin and corpse before it was discovered by the inmates of the house.

Smallpox Delays Ocean Liner.

Montreal, Que., May 13.—The steamship Lake Superior, from Liverpool for Montreal, is quarantined at Grosse Isle for twenty-one days with smallpox on board. She has 700 passengers.

Swim in Ogden Slip Fatal.

Chicago, May 13.—Sixteen-year-old Louis Bostenhagen, while swimming in the Ogden slip, at the foot of Michigan street, caught a cramp and sank. A number of other boys tried to lend assistance, but in vain. The life-saving crew hurried from the mouth of the river and recovered the body.

Ship Northwestern Aground.

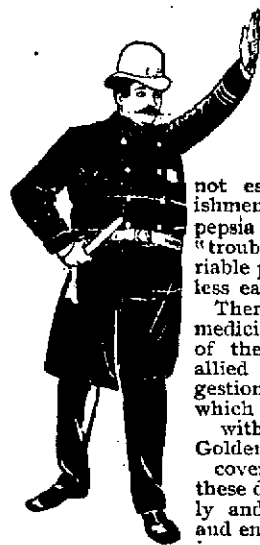

Montreal, Que., May 13.—The steamer Northwestern, grain laden, bound from Chicago to Liverpool, is aground in the upper St. Lawrence river, near Cardinal, Ont. The vessel is as yet not damaged. It is impossible to get a detailed report of the accident to the steamer today.

Bloomington Pioneer Dies.

Bloomington, Ill., May 13.—John Fitzgibbon died yesterday on a farm near Bloomington, aged 100. With one exception he was the oldest man in McLean county. He had been blind two years, but up to the time he lost his sight was active and robust. He was born in Tipperary, Ireland.

The Law

Of health has no uniform guardians of its peace. If it had there would be arrests innumerable in every restaurant every day of the year. Both in the quantity and quality of the food they eat and in the manner of its consumption men and women sin each day against the laws of health.

Those who will not heed Nature's warnings cannot escape her punishments, and dyspepsia or stomach "trouble" is the inevitable penalty of careless eating. There is no other medicine for diseases of the stomach and allied organs of digestion and nutrition which can compare with Dr. Pierce's Golden Medical Discovery. It cures these diseases perfectly and permanently, and enables the building up of the whole body into vigorous health.

"I took two bottles of Dr. Pierce's Golden Medical Discovery for stomach trouble," writes Clarence Carnes, Esq., of Taylorstown, Loudoun Co., Va. "It did me so much good that I didn't take any more. I can eat now anything I want. I am so well pleased with it I hardly know how to thank you for your kind information. I tried a whole lot of things before I wrote to you. There was a gentleman who told me about your medicine, how it had cured his wife. I thought I would try a bottle of it. I am glad I did, for I don't know what I would have done if it had not been for Dr. Pierce's Golden Medical Discovery."

Dr. Pierce's Pleasant Pellets cure constipation.

SHORT-HORNS AND OXFORD DOWNS

AT AUCTION.

WE will sell at public auction on our farm in the town of Fulton, Rock county, Wis., at 10 a. m. WEDNESDAY, MAY 23, 1901, and continuing until sale is completed, 100 head of high-grade Short-Horns, consisting of 20 cows, all fresh or springers; 40 two-year-old Heifers with calf; 40 yearling Heifers; 20 yearling bulls; 8 butchers; three to nine months old. The grades are in fact purely bred but not eligible to record. All the young stock sired by Coronado of Oshkosh and Jolly and Excellence 269. They are bred on milking lines for combination purposes. Dairymen cannot get better animals. Also 18 Oxford Down Rams, one and two-year-old, sired by Top Flight.

C. M. & St. P. Ry to Edgerton, 4½ miles from farm; C. M. & St. P. Ry, and C. & N.-W. Ry to Janesville, nine miles from farm.

F. F. HERS & J. J. FERRIS, Owners.

Wm. Deoley, Auctioneer.

Edward H. Ryan, Attorney.

STATE OF WISCONSIN—County Court for Rock County—In Probate.

Notice is hereby given that at a special term of the county court to be held in and for said county, at the court house, in the city of Janesville, in said county, on the third Tuesday of June, A. D. 1901, being June 26th, 1901, at 10 o'clock a. m., the following matters will be heard, considered and adjusted:

The application of Katharine Egan for the adjustment and allowance of her final account as executrix of the will of Michael Egan late of the city of Janesville in said county deceased, and for the assignment of the residue of said estate to said other persons as are by law and the terms of said will entitled thereto.

Dated, May 13, 1901.

By the Court, J. W. SALE, County Judge.

Edward H. Ryan, Attorney.

EXTENDING THEIR WATER SERVICE

The force employed by the Janesville Water company are now engaged in extending their water service to Spring Brook. They have now reached a point about half way across that river. It is quite interesting to note the way in which the pipe is being carried across the river. The sections of pipe are lowered from the Jackson street bridge with ropes to within a few feet of the surface of the water. Here they are left suspended with the ropes and the ends fitted together, and caked. When they are all joined they will be lowered to the bottom of the river and connected with the mains already in place.

WILL LIMIT SUFFRAGE.

Sentiment in Favor of Educational Qualifications.

Chicago, May 13.—I have several times referred to the growing sentiment in this country in favor of educational qualifications for suffrage, and public opinion is so strong on that subject that congress will not dare do anything to resist or revoke what has already been accomplished in several of the states, writes W. E. Curtis in a Washington telegram to the Record-Herald. Before another generation comes into control of affairs it will be a popular issue. That situation may be hastened by the discussion of the subject in the newspapers, upon the platform and in other places where people exchange ideas. An encouraging symptom is that it is being chosen for debates and orations by students in the universities and colleges. Within the last few days I have received letters from three institutions where the subject will be discussed at the prize debates during the commencement exercises, the exact topic being whether an amendment to the federal constitution should be adopted giving congress power to prescribe uniform qualifications for suffrage at the election of members of the house of representatives and presidential elections. The state of Tennessee will probably be the next to limit suffrage. A movement is already on foot there to follow the example of Maryland and establish an educational qualification.

Hanna Too Busy.

Pittsburg, May 13.—"Say, young man, I don't know anything about that much-talked-of boom for president, and, as I am very busy, don't ask me any foolish questions," said Senator M. A. Hanna at the Union Station today. "I'm not a candidate for president," and he went on reading the stock reports. Demoralizing, demoralizing; that's all there is to it," he mused.

Prisoners Killed While Resisting.

Jasper, Ind., May 13.—In a desperate battle with a deputy sheriff George Reeves was shot to death near Huntington while being taken from Jeffersonville reformatory to Jasper, where he and his brother John were to be placed on trial for murder committed fifteen years ago.

Adin, Cal., May 13.—Sheriff Behrens of Redding, Cal., arrived at Adin on the track of Dorland and Illingsworth, two prisoners who escaped from the Shasta county jail April 9. The constable of Alturas, H. S. Walker, met Sheriff Behrens at Adin and they located the prisoners about three miles north of Adin. A hand-to-hand combat ensued. Dorland was killed, probably by a bullet from his companion's revolver, as he was between the sheriff and Illingsworth. Illingsworth shot fifteen or twenty times, three bullets piercing the sheriff's clothing. Constable Walker was shot through the top of the left hip, probably fatally. Illingsworth escaped.

Boy Accidentally Killed.

Fairbault, Minn., May 13.—Eddie Alme, fourteen years old, was shot through the head by his brother, aged sixteen, with a rifle yesterday, the ball passing through the left eye. The boy is dead. The elder boy didn't know the gun was loaded.

Small Fire Soon Extinguished.

Shortly after five o'clock on Saturday afternoon, smoke was discovered rolling out from the roof of the low storage room at the rear of Tarrant & Osgood's grocery. The proprietors were notified that their store was on fire and an investigation quickly showed that burning embers from a bonfire some distance away in the alley had been blown up against the side of the building. The wood work under the corrugated iron siding was on fire and as the flame could not be extinguished without the proper tools to take away the iron, a call was sent in for the department and the work was done in short order and with but little damage.

"The Watch on the Rhine."

There was only a small audience at the Myers Grand Saturday evening but Al. H. Wilson in the "Watch on the Rhine," gave one of the prettiest and most enjoyable performances that has been given in this city this season. The play is melodramatic and while it is not a great production its story is interesting and entertaining. Mr. Wilson with his fine stage presence, his captivating manner, and his beautiful singing charmed the audience every moment that he was on the stage. The supporting company was very good, Miss Warner being especially pleasing.

CATARRH

A Constitutional Affection.

Sprays, washes, powders, salves, medicated tobacco and cigarettes, however long and persistently used, do not cure Catarrh. They relieve temporarily the inflammation in the throat and nose, and enable you to breathe more easily and freely, but the continual rush of impure blood to these parts keeps up the irritation and ultimately produces ulceration of the glands, when the breath becomes exceedingly offensive and the soft bones of the nose are frequently destroyed. The catarrhal inflammation extends over the entire surface of the mucous membrane, or inner skin; the stomach, kidneys and lungs are often involved; the whole system soon becomes affected by the rapid absorption of poisonous matter into the blood, and the disease that you had hoped to cure with simple local remedies, assumes a dangerous form.

I had Catarrh about 15 years, and tried during the time everything I could hear of, but nothing did me any good. At last I came to the conclusion that Catarrh must be a blood disease, and decided to give S. S. S. a trial. I could see a little improvement from the first bottle, and continued it three or four months, or until I was cured. Have not taken anything for six years, and am just as well as I ever was.—E. MATSON, Lapeer, Mich.

I had Catarrh so bad was entirely deaf in one ear, and all the inside of my nose and part of the bone sloughed off. The physicians gave me up as incurable. I determined to try S. S. S., and began to improve at once. It seemed to get at the seat of the disease, and after a few weeks' treatment I was entirely cured, and for more than seven years have had no sign of the disease.—MRS. JOSEPHINE POLHILL, Due West, S. C.

Catarrh is a constitutional disease—a blood disease which is frequently inherited, and only a blood medicine, such as S. S. S., can remove the hereditary taint, destroy the poisons that have been accumulating in the system for years perhaps, and restore the blood to a healthy and pure condition. The inflamed membranes and diseased glands are healed by the rich, pure blood which is carried to them, and the offensive discharges from the nose, and the terrible headache and neuralgic pains cease. Chronic cases of the most desperate character and apparently hopeless, have been cured completely and permanently by the use of S. S. S. Write our physicians fully about your case and they will cheerfully assist you by their advice. We charge nothing whatever for this service. Book free on application.

AND EVERY FOUR WEEKS THEREAFTER.

Quintin, the talented child actress, was clever in a bright and catchy part.

Russia's Ten Shipyards.

Twenty-five years ago Russia was practically dependent upon foreign shipyards for her warships. Now she has ten shipyards of her own on the Baltic and the Black sea and in them ten battleships and cruisers, ranging from 6,600 to 13,500 tons each, are being constructed. Eight other warships are being built for her abroad, but they are probably the last that will ever be built for her outside her own navy yards.

Weather Bureau's Award.

At the Paris Exposition the United States weather bureau was awarded a grand prix. Gold medals were also awarded to Professor C. F. Mayrin for instruments, apparatus and appliances, and to Professor A. J. Henry for cloud photographs. The weather bureau will make an extensive exhibit at the Pan-American Exposition.

Intimate Knowledge of Models.

It is said that R. G. Gill, superintendent of the model rooms in the patent office at Washington, has an intimate knowledge of every one of the 700,000 models under his charge, though they range in intricacy from a fountain pen to a complicated triple expansion engine for a transatlantic liner. His marvelous memory for such things is the wonder of all who know him.

Pike for Minnesota.

The Minnesota game warden is hatching 100,000,000 wall-eyed pike. A large portion will be placed in Cass lake, where they have never been before. That will be upon the request of the citizens in that part of the state.

LATEST FOREIGN NEWS.

Sultan's Note Is Returned. Constantinople, Friday, May 10.—A third note, evidently emanating direct from the sultan, was delivered today to the ambassadors, demanding in peremptory language the immediate suppression of the foreign postoffices and reiterating the charges of smuggling against foreign officials. The ambassadors immediately returned the note to the porte, thus creating a partial cessation of relations between the embassies and the Turkish government.

Preacher Editing a Paper.

Trenton, N. J., May 13.—Rev. Alfred Wishart, pastor of the Central Baptist church of this city, today took charge of the editorial department of the Trenton Evening Times. Mr. Wishart proposes to give to the citizens of Trenton something entirely new in journalism. He is an ardent admirer of Sheldon and his methods of running a twentieth century newspaper.

Kitchener Makes Report.

London, May 13.—Lord Kitchener reports to the war office, under date of Pretoria, May 10, as follows:

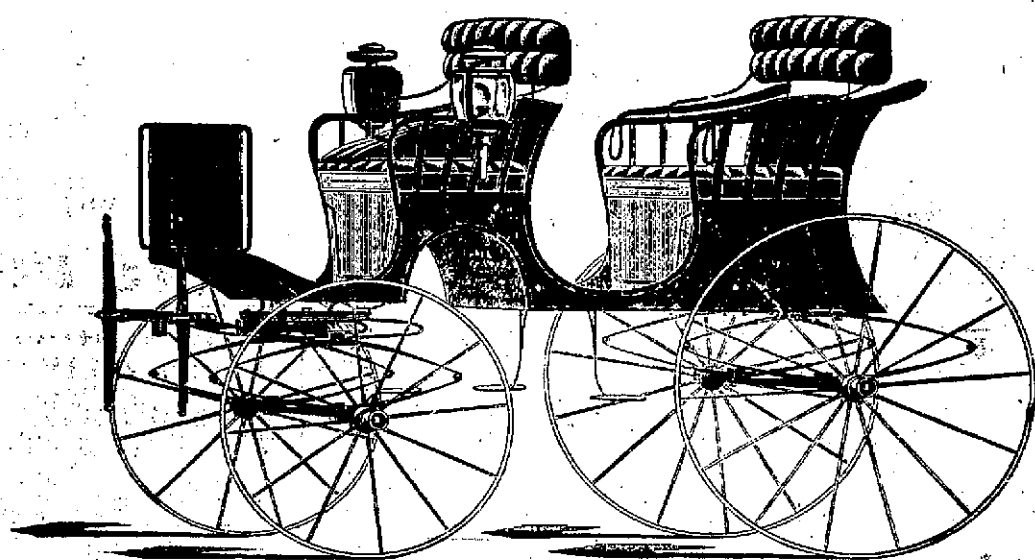

"Since May 5 twenty-eight Boers have been killed, six wounded, 130 taken prisoners and 183 have surrendered. Nine thousand rounds of ammunition, 230 wagons, 1,500 horses and large quantities of grain and stock have been captured."

John McKinley in Poorhouse.

Omaha, May 13.—John McKinley, a first cousin of President McKinley, has been consigned to the poorhouse of Marshall county, Kansas. The matter will probably be made known to the president, who has been kept in ignorance of the old man's plight.

RELIABLE VEHICLES

The average buyer of a vehicle depends upon the reliability of the dealer, because it is next to impossible for him to know what quality of material is used in the make-up. There is satisfaction in knowing when you purchase a vehicle from us it will be as good as it can be made, that it contains good materials, that it will wear as it should. We are showing 50 various types of pleasure vehicles, and you can not fail to find something that will please you. Our prices, too, are the kind that you can afford to pay.

Going to Build

Whether you contemplate building at an early date or not, you should have a copy of "HAKER'S TWENTIETH CENTURY HOMES." It is the most complete book of Architectural Designs published.

Nearly 100 pages, printed on heavy cream paper. It is not a theoretical book. Every design shown is from the actual working plans of buildings that have been erected under the direction of our experienced architect. Consequently it is practical in every respect.

It embraces subjects from an attractive cottage at a few hundred dollars to a modern, up-to-date residence, costing many thousands of dollars.

The perspectives are full-page illustrations while the floor plans are half-page sketches.

The descriptions are complete and easily understood; in fact it is an ideal book of practical, up-to-date designs and intelligent descriptions.

The regular price is \$2.00 but we would like to present you a copy free of charge.

If you could call at our office we would take pleasure in presenting you a copy free of charge. As this is not possible, we will send you a copy by express, charges prepaid upon receipt of only 25c, to cover cost of transportation.
